A CLEAN MAN.

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues and fibers in every organ of the body. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood.

Consumption and bronchitis mean unclean lungs. Dr. Pierce's Golden Medical Discovery prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh. It doesn t make the flabby fat of corpulency, but the firm flesh of health. It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol to inebriate or create craving for injurious stimulants.

Mr. John L. Coughenour, of Glen Savage, Somerset Co., Pa., writes: "My appetite was unusually poor, and I was as weak and nervous as though I had been starved for months. My heart kept throbbing continually and I was short of breath. Finally I wrote to you for advice and you informed me that I had indigestion and a torpid liver. I did not think your diagnosis was right, but I ordered six bottles of 'Golden Medical Discovery' from you and began its use. After using three bottles I began to improve slowly and soon went to work, and I have been working ever since."

Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Czar Receives Zemstvo Delegation.

As has been stated in the Gazette, the Czar of Russia received the zemstvo deputation yesterday.

The reception took place at noon in the Alexander Palace, at Peterhof. Prince Troubetskoy, president of the Zemstvo Congress of the Moscow government, in behalf of the Moscow delegation, addressed the Emperor in a long speech, in which he described the serious conditions existing in Russia which have caused the zemstvos to approach him directly.

The Emperor evidently was much impressed. M. Fedoroff, representing the St. Petersburg delegation, also spoke. The Czar replied, expressing deep regret at the great sacrifice consequent on the war, and, above everything, at the disaster to the Russian navy. In conclusion, he said:

"I thank you, gentlemen, for the sentiments expressed, and I join in your desire to bring about a new order of things. My personal wish and my will as Emperor to summon a national assembly is unshakable. I await with anxiety the carrying out of this, my will. You can announce this to the inhabitants of the towns and villages throughout Russia, and from today you will assist me in this new work."

The national assembly will establish as formerly a United Russia and the Emperor will be the supreme support of the conditions based on the principle of Russian nationalism.

Upon completing his remarks the Emperor graciously greeted the individual members of the delegation, shaking hands with them and having a few cordial words for each, even such radicals as M. Petrunkevitch, president of the Moscow Agriculture Society, who has spent many years in exile as the result of his liberal views; M. Rodicheff and Prince Shakoffskoy, known as the "Anarchist Prince," being greeted without the slightest evidence of imperial displeasure.

The fact that the Emperor not only received the bold, plain-spoken address without so much as an indication of disapprobation, but expressed full sympathy with the efforts to ameliorate the deplorable state of affairs depicted therein and in the most direct and explicit fashion renewed his promise to summon the representatives of the people, made the deepest impression on the delegation.

Princes Troubetskoy, Lvoff and Dolgorukoff showed not only by their manner their delight at the result of the audience, but expressed themselves as fully satisfied with the imperial assurances. So far as they are concerned they indicated that they are now ready to await the fulfilment of the Emperor's promise, which, it is believed, will not be long delayed.

The delegation is now preparing an account of the audience which will be presented to the St. Petersburg Douma today, and, in accordance with their instructions, as well as the imperial wish, will be communicated to all the zemstvos and mayors of Russia.

Germany in the Caribbean Sea.

A dispatch from San Juan, P. R., says that evidences multiply to show that Germany intends to press hard for commercial supremacy in the Caribbean Sea and that England is voluntarily realizing the force of the Monroe doctrine.

It is considered significant that the Danish Asiatic Company, a wealthy corporation doing business with the far East, recently acquired Water Island in the harbor of Charlotte Amalia, St. Thomas, at once commenced to erect there a coaling station on an extensive scale and then turned over a controlling interest to the Hamburg-American Steamship Company. Thus under a Danish mark Germany gets a long and openly covered occupation.

Jamaica is openly discussing the annexation of all British West Indies to the United States and believes it must come soon. The abolishing of the West Indian agricultural department, the proposal to withdraw all white troops, the abandonment of Port Royal as a naval station and the cutting off of the West Indian mail subsidy by the British government are all freely criticised. Indeed throughout the West Indies all eyes seem to turn now to the United States.

Observations made in St. Thomas show that German occupancy there is resented by 90 per cent. of the people, and that prompt union with the United States is desired.

The natives concede the fairness and kindness of Danish rule, but point to the inability of Denmark to lift them from the slough of despondency. They believe that in some way the United States might continue St. Thomas as a free port, the tariff question being the one great stumbling block in their discussions. The low prices in St. Thomas, especially for liquors, are now the sole financial salvation of the island. With higher prices many ships that now call would pass by St. Thomas.

There is a steadily increasing agitation of the general annexation question. The influence of the Panama canal is already widely felt.

WOMEN'S NEGLECT

SUFFERING THE SURE PENALTY

Health Thus Lost Is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, bearing-down pains, flatulency, nervousness, sleeplessness, leucorrhœa.

These symptoms are but warnings that there is danger ahead, and unless heeded a life of suffering or a serious operation is the inevitable result.

The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Kate McDonald, of Woodbridge, N. J., writes:

Dear Mrs. Pinkham:

"I think that a woman naturally dislikes to make her troubles known to the public, but restored health has meant so much to me that I cannot help from telling mine for the sake of other suffering women.

"For a long time I suffered untold agony with a uterine trouble and irregularities, which made me a physical wreck, and no one thought I would recover, but Lydia E. Pinkham's Vegetable Compound has entirely cured me, and made me well and strong, and I feel it my duty to tell other suffering women what a splendid medicine it is."

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church, of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption Coughs and Colds, which entirely cured my cough, and saved me from consumption." A grand cure for diseased conditions of Throat and Lungs. At E. S. Leadbeater & Sons, druggists; price 50c and $1.00, guaranteed. Trial bottle free.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay, of Fort William, Ontario, Canada, who was suffering quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by Gibson & Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Quality vs. Quantity.

Hard muscles and strong body do not depend on the quantity of food you eat, but on its perfect digestion and proper assimilation. When you take Kodol Dyspesia Cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properties to the blood and tissues. This builds up and strengthens the entire system. Kodol cures Indigestion, Dyspepsia, Belching, Sour Stomach, Weak Heart, etc. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick.

Alexandria Gazette AND VIRGINIA ADVERTISER

TUESDAY EVENING, JUNE 20, 1905.

FROM THE reports of the speech made at Roanoke on Saturday last by Governor Montague many will be lead to believe that he is pleading the "baby act." The Governor boasts that he is a primary election man and has always favored such a plan, but now that he has it he not only complains of the assessment placed upon him (which is but natural) but he charges that the State democratic committee which made the assessments was controlled by the followers of his opponent, Senator Martin; that the members of the body were at the latter's beck and call, and that the action of the committee showed a disposition to avoid doing the square thing. This is a decided reflection upon the State committee and is likely to be resented by the members of that body.

SECRETARY TAFT, in a public address last week, warned the country that too severe Chinese exclusion might lose the Oriental market and President Roosevelt has written a letter to Secretary Metcalf, of the Department of Commerce and Labor, directing that inspectors in the immigration service exercise greater care in the treatment of high-class Chinese immigrants. The recent anti-American agitation among merchants in China seems to have aroused fears that America's export trade to that country will be endangered by too strict enforcement of the exclusion act. In the meantime the boycott of American goods by Chinese merchants and guilds is reported to be making rapid headway. The latest movement is for native newspapers to refuse advertisements of American goods.

FRANCIS G. HENEY, the government attorney, has made serious charges against the California land officials, saying that conditions are worse there than in Oregon. He says the officials have been in league with speculators, so that two-thirds of the State's timber lands have been virtually stolen. It seems to be the impression of many officials that a government position is a private snap, and that they are at liberty to make all out of it they can, risking the slim chance of being brought to justice.

A SWEEPING investigation of the methods of conducting government business in all departments has been begun by order of President Roosevelt. It is under the immediate direction of Commissioner of Corporations Garfield. His report may not be that the government's business can be conducted better than it is, but it certainly can set forth that it could not be conducted worse than it is at present.

ON ACCOUNT of the large amount of silver coin in the Treasury, and the consequent discontinuance of silver bullion consignments to the mint at Philadelphia, Superintendent Landis has suspended work in all departments of the mint until further notice. The supply of silver at the mint is practically exhausted.

GOVERNOR HERRICK, of Ohio, declares that the lobbyist who seeks to influence legislation is a criminal and should be driven out of existence. But the trouble lies with the legislators, who allow themselves to be influenced.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., June 20.

Speculation is rife here as to the character of the demands Japan will present to the Russian plenipotentiaries when the peace conference convenes here in August. More expert diplomacy will probably be exhibited in this meeting than at any similar convention in the past century and at the same time, in the words of a thorough student of military and diplomatic affairs, "the drawing of cards will be the most careful and the concealment of hands throughout the most astute in history." A reaction of sentiment is noticeable in Washington as to the conditions leading up the negotiations. While Russia's opposition to treating was considered during the past month practically the only obstacle to successful preliminary negotiations, the question is now asked why Japan showed herself so ready in the first steps, in view of the absolute victories of her navy and her apparently unquestioned supremacy on land. Japan insisted that the first move for peace must come from her adversary, but in the final analysis she apparently was most keen for a peace meeting. "No man on earth outside a small coterie of Japanese statesmen at Tokio is acquainted with Japan's real position," said a high authority today. "Even foreign attaches, naval and military, know nothing of what Japan has spent during this war or of her present financial and tactical situation. The Japanese policy of secrecy has extended to every branch of the service, at home and in the field. History records nothing to approach the success of this undertaking from the beginning of the war. Is it not impossible that conditions exist which make imperative an early peace for the Japanese. The deliberations of plenipotentiaries will soon develop Japan's position, if the Russians are as apt as formerly in the gentle art of exposing their adversaries in diplomatic intercourse. If Japan has reached that point on the up-hill road of offensive warfare where her momentum must some day begin to fail, then her demands will eventually take such form that even Russia must consider them reasonable. It is pointed out that both high contracting parties in this international business have been burnt in former deals Russia saw the fruits of a costly war snatched from her hands in the Congress of Berlin when she found that the only benefit of having whipped the Turks was the honor thereof. Japan after the Chinese war ten years ago not only lost everything she had gained, but laid the foundation for this most costly war of her history. Both nations come to the conference room schooled in post-war diplomacy by bitter experience and each will find a cautious antagonist in every department of the game.

The report from St. Petersburg this morning that Ambassador Cassini is to remain in his present post at this capital until the conclusion of the peace conference, tends to confirm the belief generally held here that Baron de Rosen, who has been selected to succeed him, will be one of the plenipotentiaries on the part of Russia. In that capacity he would be unable to perform the duties of Ambassador to the United States, and Russia would hardly leave the embassy here under the direction of a mere charge d'affaires during the peace negotiations.

An abstract of reports, showing the condition of National banks May 29, as compared with the condition of the banks March 14, prepared by the Comptroller of the Currency, notes an increase of 337 in the number of banks; an increase of $47,311,855.42 in the loans and discounts; an increase of $9,079,846.65 in capital stock; an increase of $6,184,488.30 in individual deposits and an increase of $20,678,188.52 in the total resources. There is a decrease of $17,924,049.10 in government deposits; a decrease of $8,458,856.89 in amounts due national and State banks, and a decrease of $39,689,279.05 in the amount due from National and State banks and reserve agents.

Secretary Hay, who reached this city from Europe last night, was at his desk in the State Department this morning for the first time in nearly three months. He was warmly received by First Assistant Secretary of State Loomis, and Third Assistant Secretary of State Peirce. Other members of the department called and congratulated their chief upon his return. It was the consensus of opinion that Mr. Hay has improved greatly during his trip abroad. He has lost a few pounds of flesh but this, if anything, improves his appearence, as it is an element of the treatment he has undergone, Mr. Hay's friends believe that it has also added to his health. The secretary attended to a few matters of routine importance before attending the Cabinet meeting. He caught up on current matters with the President during a three hours conversation with him at the White House last evening.

Secretary of War Taft's conclusions in the Bowen-Loomis case were placed in the hands of the President last night, and were the subject of discussion at today's Cabinet meeting. The Secretary holds that Mr. Loomis is innocent of any wrong doing, but leaves to the President determination of the question of whether or not, under the circumstances, Mr. Bowen should be dismissed from the diplomatic service. An official announcement on the subject is expected to be made this evening. Mr. Bowen had a talk with the President on the case this morning. On leaving he alluded rather bitterly to the fact that testimony in the case had not been taken at Caracas, where he said all the documents could be obtained. It is the general opinion that the President will decide to dispense with Mr. Bowen's services.

The final decision of the President in the Bowen-Loomis case will be made public this afternoon by Secretary of War Taft. Both of the partictpants in the controversy had a conference with the President this morning. For a long time it has been the expectation that the result would be the dismissal of Mr. Bowen from diplomatic service of the United States on the ground that he helped to circulate slanders against his superior in office, Mr. Loomis to the discredit of the United States, instead of doing his utmost to prevent their circulation. Unless the President exercises executive clamency this will be the result, and it is certain that Secretary Taft who was a schoolmate with Mr. Bowen, at Yale, will urge leniency in behalf of his old college chum.

The Cabinet meeting today was mainly devoted to a discussion of the Moroccan situation, the Bowen-Loomis case and the progress of peace negotiations. Secretary Hay, who returned from Europe yesterday, was present and gave the President and his fellow members an interesting account of some of his experiences in Germany. Secretary Shaw was obliged to leave the Cabinet meeting a few minutes after it convened to visit a dentist, owing to an aching tooth. He returned before the meeting was over. The President read a letter from an admirer in the far west who had been experimenting with Angora goats after reading some of the lieterature on the subject prepared by Secretary Wilson. The goats thrived wonderfully, the President's correspondent said, but as they ate up everything on the ranch, including the rubber boots of the hired man and the clothes on the line, he doubted the profit of the experiment.

Word comes from Oyster Bay that the President has added to his summer home there a fine new library. It has been erected on the north side of the house, is 40 by 28 feet and is built of dampproof tile veneered with brick. The erection of the library indicates that much of the President's spare time will probably be spent in Oyster Bay, especially after his duties end as Chief Magistrate.

Col. Winfield S. Edgerley, 2d cavalry, has been promoted to be brigadier general to fill the vacancy caused by the retirement of Brigadier General Thomas C. Lebo. This vacancy was to have been filled by the promotion of Col. Arthur Wagner, who died the day before his commission reached him.

Word has been received here that Governor Magoon, of the Panama canal zone, had a slight attack of malaria but that he has almost entirely recovered and is again at his desk. The report in circulation that he had yellow fever caused a good deal of apprehension but definite information as to his condition has entirely reassurred the officials here Governor Magoon wired today of the death of another from yellow fever on the isthmus and of several new cases.

It was announced at the State Department this morning that this government had received through Minister Summers at Morocco the invitation of the Moroccan government to participate at a conference of the powers upon the internal affairs of that country. The invitation is the result of the insistance of the German Emperor that the status of Morocco be determined by a meeting of the representatives of all the governments interested. While no action by this government has yet been determined upon, it is practically certain that unless the invitation is unanimously accepted by those governments to whom it has been addressed the United States will decline to participate. The invitation of the Moroccan government, while ostensibly at the invitation of that government, is really inspired by the German Emperor, and for all practical purposes is his invitation. Until the issues to be discussed are communicated to this government, in addition to an understanding of the unanimity of sentiment among the powers on the subject, no answer will be given by the State Department.

President Roosevelt will make public, on Thursday, all the correspondence relating to the Harmon-Judson investigation of the Sante Fe rebate case. The documents will tell how the investigation was begun at the instance of the Department of Justice, and how it progressed until a difference of opinion arose between the investigating counsel and Attorney-General Moody which rendered further progress out of the question. President Roosevelt himself will add an interesting chapter to the story of the investigation. The correspondence covers about 30 typewritten pages.

The reports that Chief Engineer Wallace, who is now on his way from Panama to this country, contemplates resigning his position cannot be confirmed here. Secretary Taft said this morning that he himself did not know the precise reason for Mr. Wallace's return. Mr. Wallace cabled the Secretary a few days ago, saying that he desired to return to the United States on important personal business which he would explain when he arrived here. He also said that he desired to consult with the Secretary before the latter left for the Philippines. Permission to return was at once accorded Mr. Wallace and he is now on his way. It is possible that some friction may have arisen over the question of the appointment of assistants to Mr. Wallace.

Engineering Department at the University.

Mr. F. O. Richey has the following communication in College Topics, published at the University of Virginia.

Prof. W. M. Thornton, dean of the engineering faculty, has announced that next year there will be added to his faculty a professor in civil and a professor in mechanical engineering. Last year a new instructor was added while the year before that, when the endowment providing for the establishment of an electrical labratory and its maintenance was secured, a professor in electrical engineering was added to the faculty. The increase has been necessary to keep ahead of the increase in the number of students in that department. Last year showed an increase of 30 per cent. over the year before and this year there are 50 per cent. more than were enrolled last year. At this rate of increase the department which is the youngest in the university will soon be the largest and at no distant date Virginia will rank with the large technical universities in the country. It is remarkable that while there are many men going from the South to the technical school of the North, we have men from those states who are coming to Virginia to study engineering. The excellent reputation the University has for the thorough training in the other departments of her work has brought these men here. The teachings of the mathematical and mechanical principles of the work of engineering is as thorough and effective as those teaching in her other departments for which she has long been famous.

Those who have made a study of the requirements of an engineer alone understand that this is the main issue in his education and that they are indispensable to a good engineer. It is far easier to secure a knowledge of practical work in the field than to secure the theory of engineering without the assistance of the instructor. The education of the student in this department at Virginia does not end with this thorough drilling in theory. Already a very efficient system of shops and laboratories have been installed and the student is required to master the use of the machines and instruments with which he expects to work after graduation. The electrical laboratory established in 1904 is equipped with types of electrical machinery and electrical apparatus both from American and European manufactories. It already occupies the whole north wing of the mechanical laboratory and is being increased from year to year out of the fund provided for that purpose by Mrs. Scott, of Richmond. Prof. Thornton announced plans which include many improvements in the lecture rooms, shops and drawing room to be made during the coming vacation in order to keep in advance of the increase in the enrollment in his department.

Not many men in college realize that at the normal rate of increase next year the engineering department will out number the medical schools and will be almost abreast of the law department. In fact the endownment fund should bring more than the normal increase here so that next year we will in all probability be ahead of both.

Virginia Republicans.

A prominent republican said in Norfolk yesterday that the republican State committee when it meets in Lynchburg tomorrow will, in all probability, call a convention for the nomination of a State ticket for August 5, and that Roanoke will be the convention city. His forecast of the State ticket to be nominated was as follows:

For Governor—Judge L. L. Lewis, of Richmond.

For Lieutenant Governor—Jacob Yost, of Staunton.

For Attorney General—A. P. Gillespie, of Tazewell.

Whooping Cough in Jamaica.

Mr. J. Riley Bennett, a chemist of Brown's Town, Jamaica, West India Islands, writes: "I cannot speak too highly of Chamberlain's Cough Remedy. It has proved itself to be the best remedy for whooping cough, which is prevalent on this end of the globe. It has never failed to relieve in any case where I have recommended it, and grateful mothers, after using it, are daily thanking me for advising them." This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

Virginia News.

The formal announcement of Judge Samuel W. Williams, of Wythe, for attorney-general was made yesterday.

Miss Mary E. Hunley, widow of the Rev. T. M. Hunley and mother of Mr. George Y. Hunley, member of the Legislature, died a few days ago at her home in Mathews county, of paralysis, aged 76 years.

A pistol and club put an end to an incipient revolt in the Norfolk county jail yesterday, and Ben Hinton, a desperate negro awaiting trial for stealing a large quantity of wire from the Norfolk, Portsmouth and Newport News Company, is in double irons.

William Hall, 50 years of age, met death in a peculiar way yesterday at Richmond at a brickmaking plant. He was fixing some shafting, when he slipped and accidentally pulled the whistle cord, signaling the engineer to start This he did, grinding Hall to pulp in the machinery.

Following the enforcement Sunday afternoon of tolls on the Cottage Toll Bridge road, leading to the Norfolk Horse Show and Fair Association grounds and tracks, 25 or more truckers of Tanners Creek district, Norfolk county, proceeded at 6 o'clock yesterday morning to tear down the toll gates on that road.

W. P. Poston, 85 years old, a carpenter, of Round Hill, was killed Sunday night at the Round Hill depot by a passenger train of the Southern Railway. Poston was lying asleep on the railway track, and the coroner's jury returned a verdict that the railway company was not responsible for Poston's death.

The Board of Visitors of the Virginia Military Institute have authorized Superintendent Shipp to build a mess hall according to plans submitted by him, the hall to be ready for use next season. The old mess hall was recently destroyed by fire. Major J. Mercer Patton, adjutant professor, was made full professor of the chair of modern languages, with rank of colonel.

The State Corporation Commission has made a ruling under which the Standard Oil Company and the American Can Company are compelled to pay charter fees of $5,000 and $3,000, respectively. Ordinarily the fees would be only $600, but the charters of the two concerns give them the right to exercise the privilege of transportation or transmission companies.

Judge Berryman Green, one of the best known and most highly esteemed citizens of Danville dropped dead in his home there Sunday. Judge Green was 69 years old, a Confederate veteran and prominent in public affairs in city and State. He was one of the leading members of the constitutional convention and a prominent lawyer. He was for years the Commonwealth's Attorney of Danville and for one term judge of the Circuit court.

Mrs. Eva Fuller, aged 18 years, wife of H. I. Fuller, a motorman, was burned to death while kindling fire with coal oil Sunday night in Petersburg. The oil in the can exploded, scattering the burning fluid all over her clothing. Mrs. Fuller ran out into the yard, uttering loud screams, but before any assistance could be rendered her all of her clothing had been burned from her body. She lingered until 11:20 o'clock that night, when she died. Mrs. Fuller was the daughter of the late George Tucker, of Dinwiddie county, and had been married only three months.

COURT OF APPEALS.

In the Court of Appeals at Wytheville yesterday the case of Commonwealth at rel, &c., vs. Wampler St. als., was argued and submitted.

Kane vs. Quillin et als., submitted on briefs.

Beece vs. Neece et als.; argued and submitted.

Roberson et als. vs. Wampler, guardian et als.; submitted on briefs.

Next cases to be called:

Big Stone Gap Iron Company vs. Olinger.

South and Western Railway Company vs. Virginia and Southeastern Railway Company.

Interstate Coal and Iron Company vs. Clintwood Coal and Timber Company; from twenty-fourth circuit.

The examination of applicants for license to practice law will be held on Friday, the 23d inst., and indications point to a large class.

Germany will Negotiate.

Germany has consented to negotiate the Morocco question with France. The French government has indicated its willingness to meet the German demands in a conciliatory spirit. An international conference will likely follow, but it will be on lines previously agreed on by Germany and France, and will not open the whole question of the destiny of Morocco, as the Sultan has expected it to do.

France agrees that the status quo shall be maintained, and that the Sultan's sovereignty shall be unimpaired. France cherishes hopes that the terms of of the Anglo-American-Spanish-Italian agreement as to Morocco may be largely maintained, but this is not the German view. In a word, France is determined at all costs to avoid a war.

Germany's consent to negotiate directly with France may be interpreted as a willingness to abate her provocative attitude and at least to postpone a war crisis. The French government hopes that England will not oppose a settlement upon any terms possible.

The French reply to other German demands is not known yet, but there is the highest authority for believing that Premier Rouvier will meet the German Emperor's wishes in as conciliatory a spirit as possible.

Wholesale Grocers.

The annual convention of the Southern Wholesale Grocers met in Norfolk yesterday, with J. A. Vanhoose, of Birmingham, Ala., president, in the chair There was a meeting of the advisory board for the purpose of hearing reports from the jobbing trade and planning the work for the meetings. The regular session began today. Chairman Harry B. Goodridge, of the Tidewater Wholesale Grocers' Association, welcomed the delegates to Norfolk, and President Vanhoose responded on behalf of the grocers. Messrs. C. Syer & Co., the Norfolk representatives of the Franklin Sugar Refining Company, of Philadelphia, will tender the members of the association a banquet at the Ocean View Hotel tonight.

Today's Telegraphic News

May Escape the Gallows.

Windsor, Vt., June 20.—As the result of a writ of habeas corpus, granted here yesterday, Mrs. Mary Rogers may never be hanged. Judge Wheeler, of the United States Circuit Court, last night, at Brattleboro, granted the petition for a writ of habeas corpus, on motion of Attorney Flynn, her counsel. Mrs. Rogers will be brought into court here tomorrow at 2 p. m., and the State is cited to show cause, among other things, while she is being illegally restrained of her liberty. It is claimed that the Supreme Court, when passing upon the question raised by the granting of a reprieve by the Governor to a time fixed, neglected to resentence her, as the law demands, and that she is being held in confinement only by a pretended warrant issued by Governor Bell, and not by reason of the sentence of a court of competent jurisdiction. Besides, it is claimed that she has been deprived of her liberty because the legislature has neglected to establish a Supreme Court in Bennington county as required by the constitution. Counsel for Mrs. Rogers believe she cannot be hanged before the time set for execution on Friday has passed, as they claim the right of appeal to the United States Supreme Court from Judge Wheeler's decision if that should be adverse. In that case the decision could not be returned from Washington before the time expires, it is said.

Graft in Warsaw.

Warsaw, June 20.—Facts which have just come to light here well illustrated how "graft" prevails in this country. Three months ago, a Warsaw merchant applied to officials of the Trans-Siberian railway for freight cars in which to ship goods to Harbin, Manchuria, to be sold to the soldiers. He was told that it would be impossible for him to obtain cars, as they were all needed for military purposes. After distributing roubles in bribes, three cars of the red cross were placed at the disposal of the merchant, and the goods were placed on board. The goods were shipped from Warsaw, but they never reached Harbin. After waiting ten weeks, at Harbin, for his goods, the merchant started an investigation to discover what had become of them. He found that officials of the Red Cross had seized the cars and sold the goods at Nijni-Novgorod, Russia, and had pocketed the proceeds. The merchant now finds himself in a position where he is helpless to recover the money he expended. He cannot sue the railway, for in doing so, he would have to admit that he was guilty of giving bribes. Neither can the railway authorites call the Red Cross officials to account, for fear of convicting themselves of bribe-taking. In this case, the Red Cross will escape with the proceeds of the sale of the merchandise.

Railroad Wreck.

Newington, Conn., June 20.—Because he misunderstood orders which he had received Engineer S. Scruitt, ordered here to help the heavy Fishkill freight up grade, at four o'clock this morning precipitated a wreck in which three of the crew were instantly killed and himself and the freight engineer badly injured. The wreck was one of the worst that ever recently happened in this State and was due entirely to Engineer Scruitt, who did not understand or neglected his orders, which is yet to be determined. Engineer Scruitt had orders from the dispatcher to wait for two trains at Newington Junction. He waited for only one and then started on towards New Britain, crashing into the Fishkill freight a mile west of Newington Junction. The two engines were completely destroyed and ten cars were derailed and jammed into an utmost unrecognizable mass.

Isaac B. Wilcox, of Alexandria, Va., engineer of freight train, suffered contusions on head. His condition is not serious.

Radium a Source of Life.

Loudon, June 20.—According to the Daily Chronicle, experiments conducted for six years in the Cavendish Laboratory at Cambridge University by J. Butler Burke, a young professor, who, for a long time, worked with Professor Thomson, have almost certainly demonstrated the possibility of spontaneous generation. By means of radium and sterilized bouillon, placed together in a test tube, Professor Burke obtained cultures presenting many appearances of vitality, such as growth and subdivision.

The Chicago Strike.

Chicago, June 20.—A new strike committee, with full powers to take final action, was appointed last night by the teamsters' joint council. It is claimed that C. P. Shea, President of the Teamsters' Union, to the present time dictator of the teamsters, is eliminated from participation in the new plans to settle the trouble. Levi Mayer, attorney for the employers, waited until early this morning to meet the teamsters' committee and then left to take a train to Cincinnati.

Spain to Erect Defences.

Madrid, June 20.—The Spanish cabinet has decided to begin at once to erect strong defences on the Balearic and Canary Island and also along the Galician coast. General Polavicja, chief of staff, accompanied by several staff generals has left for the Balearic Islands to commence the preliminary survey for the fortifications. From there they will go to the Canary Islands and later survey the Galician coast.

Thirty-eight Persons Killed.

St. Petersburg, June 20.—According to advices received here today serious disorders, culminating in an attack on the populace by Cossacks, have occurred at Vosnesnen a town in the government of Kherson. Citizens who engaged in a demonstration were charged by the Cossacks. Thirty-eight persons were killed and many wounded, according to the reports which have reached here.

Tiniest Baby in the World.

Cleveland, O., June 20.—What physicians say is the tiniest baby in all the world, is living today in an infant incubator. She is the daughter of Mr. and Mrs. Jacob Hessel, and weighs just one pound and seven ounces. In the opinion of Dr. S. Fischel and other physicians she will continue to live and grow.

In Mad Chase.

Millions rush in mad chase after health, from one extreme of faddism to another, when, if they would only eat good food, and keep their bowels regular with Dr. King's New Safe Pills their troubles would all pass away. Prompt relief and quick cure for liver and stomach trouble, 25c at E. S. Leadbeater & Sons drug store; guaranteed.

The French Council of Ministers.

Paris, June 20.—A meeting of the council of ministers was held this morning. The note which usually is given out after such meetings was not issued today, and the only information given out in regard to the conference was that internal matters were discussed. It has been expected that some important announcement concerning the negotiations which have been in progress with Germany over the Moroccan question would be made, and a great deal of surprise was caused by the statement which was made in regard to the meeting.

Paris, June 20.—The negotiations between Premier Rouvier and Prince Radolin which promise to lead to the settlement of all difficulties over Morocco, through the usual channels of diplomacy, are proceeding normally, according to reports this morning. Some time is sure to be required, however, to work out all details of the plans. There are still important differences to be adjusted but none so grave as those which have been removed by the reported agreement of Premier Rouvier to consent to a conference on the Moroccan, question provided the protocol conforms to French interests.

The failure of the Cabinet to make any announcement in regard to the status of the negotations in the Moroccan question leads to the questioning of Premier Rouvier in the chamber of deputies on the subject. Deputy Archdeacon brought up the matter by asking the Premier to tell the Chamber what is being done in the matter. M. Rouvier in replying said he reserved the right to be silent until he thought the time was ripe for making such disclosures to the Chamber. For the present he would only say that the negotiations are being kept up.

Sweden and Norway.

Christiania, Norway, June 20—In the address adopted yesterday by the Storthing to King Oscar, of Sweden, the Swedish Riksdag, in reply to the recent letter of the King in which he declined to recognize the legality of the resolution of dissolution of the union, the Norwegian Parliament expresses its good will toward Sweden, but made plain that the rupture is irrevocable. An appeal is made to King Oscar, to lend his influence to allow the dissolution to be accomplished in peace. If Sweden will recognize the new position of Norway, the Storthing says it is prepared to agree to any reasonable plans of Sweden to insure the independence and integrity of the kingdom. It is the earnest desire of the Norwegian people, the Storthing declares, to maintain the friendliest relations with Sweden, but the union can never be re-established.

Stockholm, June 20.—The Riksdag, on whose action at the present session will probably depend the question of whether Norway will be allowed to carry out her abandonment of the union in peace, assembled this morning. The opening of the assembly was without demonstration, and no allusion was made to the Norwegian revolt, although the matter must come before the body sooner or later. A large crowd assembled in front of the parliament building, believing that some important action would probably be announced but there was no display of hostile feeling toward Norway.

Affairs in Russia.

St. Petersburg, June 20.—A report is current here today and generally accepted as being true, that the shipbuilding works here are to be placed under the supervision of the United States Steel Corporation for a period of ten years, during which time the rebuilding of Russia's navy will be carried on vigorously. It is also reported that other mills will be placed under American management temporarily.

It is stated today that Count Cassini the Russian Ambassador in Washington, who has been tranferred to the court of Madrid, will remain in Washington until after the peace plenipotentiaries have concluded their coming meeting.

Suicide of Minister's Wife.

New York, June 20.—Mrs. Paul Keevil, wife of Rev. Dr. Charles J. Keevil, of the Second Avenue Baptist Church, who is one of John D. Rockefeller's favorite ministers, committed suicide today in the parish house, adjoining the church. A complete wreck from the church work, Mrs. Keevil was to have left town tomorrow for her old home at Hawkinsville, N. Y., where she was to stay until her nerves were restored, but while her husband was at breakfast this morning, she got up, attached a rubber tube to the gas jet, turned the cock and then getting into bed, pulled the bedclothing over her head and inhaled the gas through the tube. She was discovered by her husband a short time later.

Pennsylvania Board of Pardons.

Harrisburg, Pa.—June 20.—Because several members will be unable to be present, the Board of Pardons will meet Wednesday of next week instead of tomorrow. At the next session of the board, for the first time in the history of the State Board of Pardons, the applications of two women for commutation of sentence from the death penalty will be before that body, and on the decision depends their lives. The women are Mrs. Kate Edwards, convicted of murdering her husband, at Reading, and Mrs. Catherine Danz, convicted of being an accessory to the poisoning of her husband at Philadelphia.

Candidate for Coadjutor Bishop.

Rome, June 20.—Monsignor Dennis O'Connell, rector of the Catholic University, at Washington, has been proposed to the college of the propaganda as a candidate for the vacant position of coadjutor archbishop of Boston, with the right of succession. Monsignor O'Connell is expected in Rome shortly.

New York Stock Market.

New York, June 20.—Room traders used the fact that there were no stocks pressing on the market as a bull card again today, and put up prices of several issues during the first hour. Gains were made in almost everything traded in ranging from ¼ to ¾ per cent. The most active issues were the Traction stocks. Sugar, St. Paul and Amalgamated Copper and specialties like the Wheeling and Lake Eries were also made active and higher. London sold about all the stock bought here by arbitrage houses yesterday. Commission business is a little better. The Lawson tirade, which was yesterday expected to be a market influence, did not materialize.

WEATHER PROBABILITIES.—For this section generally cloudy tonight and Wednesday, with occasional rain; light north to east winds.

Passing of the Hot Wave.

The hot wave of the past few days had its back broken yesterday afternoon by the heavy rain, thunder and lightning which prevailed. During the electrical display lightning struck a tree on the west side of Lee street, between Prince and Duke, and tore off a limb. As the day waned a refreshing southerly breeze brought joy to all who had recently sweltered under the sun's fierce rays. The solar heat was dangerous yesterday morning, and people whose occupations compelled them to move about the city were at times apprehensive. The welcoming sound of thunder early in the afternoon was a harbinger of temporary relief, at least. It, however, proved to be more than temporary, as during the night the wind changed to the northeast and this morning the temperature had fallen to a point which brought pleasant conditions, although the weather was threatening. The rain of yesterday was local and extended but a short distance outside of Alexandria. It is said that there was no rainfall in Washington, and people living in lower Fairfax who were here today say it extended only about four miles south of this city.

The Silent Passenger.

The remains of the unfortunate Miss Virginia Downer, the circumstances in connection with whose untimely death Sunday night were published in yesterday's Gazette, were placed aboard of the steamer Newport News yesterday evening at 7 o'clock for transportation to Norfolk the home of the deceased. The wharf and the approaches thereto were crowded with both young and old, all of whom were profuse in their expressions of regret at the sad fate which had befallen the young visitor to Alexandria. The body was conveyed to the pier in a hearse in charge of Messrs. John W. Burke, jr., Arthur H. Bryant, C. S. Taylor Burke and Marshall Jones, who accompanied the remains to the home of the deceased. Excursion steamers, loaded to their guards with pleasure-seekers and the music of bands were animating the river at the time, reproducing the scenes of the previous twenty-four hours, when the ill-starred young woman was mingling with the world in light-hearted innocence. Amid scenes joyous to others she was yesterday a silent passenger on the Newport News which was conveying her to sorrowing relatives and friends in Norfolk.

Trial of A. A. Lipscomb.

Judge Wright, in Criminal Court No. 1, in Washington, yesterday declined to permit an extended postponement of the trial of Andrew A. Lipscomb, an attorney under an indictment for the embezzlement of $15,974 of the funds of the Washington Beneficial Endowment Association. Mr. Lipscomb's attorneys had asked for a longer delay, but the court said that the defendant was not at liberty and it was due to the community that he be brought to trial as early as possible. Accordingly, Judge Wright fixed the trial for tomorrow. The trial was to have come up yesterday but it was necessary to have a postponement until the date named, because District Attorney Beach, who will prosecute, and Mr. Holmes Conrad, who will defend, are both engaged in the Crawford case.

Official Visitation.

Grand Master Norman Ashby will pay an official visit to Sarepta Lodge, No. 46, I. O. O. F., tonight. Potomac Lodge, No. 38, has been invited to be present. There will be an exemplification of the degree work on the occasion. Grand Master Ashby is a native of Fauquier county, having been born near Markham in 1859. For the past quarter of a century he has been a resident of Culpeper, where he is an active and prominent business man. He is also a Mason and a Knight Templar. He is an enthusiastic Odd Fellow and has worked diligently in the interests of that organization ever since his induction into the order, eleven years ago.

Excursions.

The Alexandria Trades Council gave their excursion to River View today. The temperature was pleasant, although conditions were uncertain. The excursion, however, was well patronized. There will be an evening trip of the steamer for the convenience of those who could not go during the day. This will afford an opportunity to many to enjoy a ride on the river at the close of the day. The committee insures all patrons every comfort and attention.

The Retail Grocers' Association of Washington will give their excursion tomorrow. The steamer will stop here on all trips up and down. Many from this city purpose patronizing the excursion and all who do are guaranteed a pleasant day's outing

Baseball.

The Alexandria Baseball League played its post game yesterday on the old fair grounds. The Virginias crossed bats with the Orientals. The game was forfeited to the Virginias 9 to 0, the Orientals failing to have nine signed men on the field at 5:30 sharp. However, the game was ordered played. The score was Virginia, 9; Orientals, 14. Mr. Peter Astryke umpired and Mr. David Robey was the official score-keeper. About 250 people witnessed the game. A game will be played tomorrow at 5:30 sharp between the Potomacs and the Old Dominions all are invited. The batteries yesterday were Virginia, Gorman and Tennerson; Orientals, Cox and Lyles.

Star of Hope Workers.

Arthur and Nellie Stanton, the Star of Hope Mission Workers, are still busy at work in Alexandria. Several street meetings are held nightly in the most neglected parts of the city, and on Saturday evenings two or three meetings are conducted on King street, which are attended by large gatherings. The sick have been visited and gospel truths have been carried to many homes, heedless of the strain upon the workers from continual open-air work.

The regular monthly meeting of the Board of Police Commissioners will be held tomorrow night.

Killed by Trains.

Brakeman A. H. Garrett, of the local freight train of the Southern Railway, was run over and fatally injured yesterday afternoon at Barboursville. The unfortunate man attempted to step on the pilot of an engine as it was moving toward him and, missing his footing, fell on the track. The engine passed over both legs, mangling them in a terrible manner. He was taken to Charlottesville where he died early last night. The deceased was a young man and lived in this city.

Mr. Buck Poston, a well-known carpenter of Loudoun county, was killed by a train at the depot at Round Hill at an early hour Sunday morning. Mr. Poston was standing upon the track when he was struck by the train. He leaves a widow and six children.

Charles Thornton, colored, of this city, was struck and killed by a passing train between Four-mile run and Brickhaven on the Washington-Southern Railway this morning. The remains were brought to this city by Mr. B. Wheatley.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of yesterday:

James Griffin, arrested by Officer Henderson charged with being drunk in the street, was fined $2.50.

Wasch Lockie, arrested by the same officer on a similar charge, was fined $2.50.

William Earl, arrested by Officer Nicholson charged with disorderly conduct and fighting, forfeited $5 collateral by failing to appear.

Ernest Mills, arrested by the same officer on a similar charge, was dismissed.

Georgianna Thornton, colored, arrested by Officers Smith and Bettis charged with drunken and disorderly conduct, was fined $5.

Mary Belmont, arrested by Officer Nicholson charged with harboring minors, was dismissed.

Circuit Court for the County.

[Judge C. E. Nicol presiding.]

Judge Nicol yesterday opened the summer term of the Circuit Court for the county, holding it one week earlier than the usual time, as he expects to leave for Europe on the 30th instant.

The docket was called and cases set.

All the cases against the Washington, Alexandria and Mount Vernon Railway, growing out of the recent accident just west of this city, were continued until a special term to be held in September.

The criminal cases were then taken up, which will occupy the time of the court for the next few days.

Yesterday Wm. Wright pleaded guilty of the murder of Gus Wilburn and was sentenced to thirteen years in the penitentiary.

Today the trial of John Willis for the murder of William Dean is in progress.

The Electric Railway.

A large force of track men are at work widening the railway embankment across Four Mile run preparatory to building the double track of the electric railway across the run, to connect with the track to Arlington Junction. In order to obtain the earth for the fill a large hill at the Four Mile run station is being cut away. It is expected the track across the run, with the exception of the trestle work, will be completed and in use within the next ten days. It is said that a new schedule, with several new trains, will go into effect this week and the service between this city and Washington will be further improved.

Election Expenses.

Mr. Charles Bendheim, chairman of the city democratic committee, has received a letter from Richmond, asking him to endeavor to have the primary election held in Alexandria at no cost to the candidates. The writer suggests that the judges and clerks of election should serve without pay and the rooms in each ward where the primary is held be secured without rent. Mr. Bendheim has shown the letter to several who have before served at the primaries, but has received little encouragement as to a free primary.

Summer School of Art.

The second session of the Virginia Summer School of Art of the University of Virginia began yesterday and continue till September 9th. Instruction will be given in drawing, painting, illustration, composition and design. The instructors will be Messrs. Rae Sloan Bredin and F. Graham Cootes, M. A., artists of national reputation. This school was founded for the purpose of offering to southern students, at a minimum expense, the same advantages to be had at the best northern summer schools.

Council Election.

Under the city law the City Council during the month of July elects the several city officers not elected by the people. This election is generally held at the first meeting in July, the second Tuesday, which this year falls on the 11th. The officers to be elected are: Health officer, two physicians to the poor, chief of fire department, four fire wardens, members of the board of health, keeper of alms house, two dispensers of medicine, weigher of hay and a police commissioner from the Second ward.

Governor Montague's Speech.

The following was received at this office last Saturday from Heathsville, Northumberland county: "Will you kindly send me as many copies of your paper of date on or about May 1st, present year, as you can spare. A friend happened in Alexandria about that time and read your criticism of Gov. Montague's speech. I want to see it. He made one here last Monday that I think must have fallen about as flat as the one in your city."

River Notes.

The steam launch India has been sold by Mr. Norman Moore, of this city, to parties in Washington, who will fit her up and use her for pleasure trips on the river this summer.

The monitor Puritan, with the District of Columbia naval militia aboard, arrived in Washington yesterday afternoon. The Puritan took part last week in the mimic war off Fort Monroe.

To Consolidate.

A meeting of the stockholders of the Fidelity Savings and Trust Company of Charlottesville will be held at the office of the company at Charlottesville on the 29th instant to consider the question of consolidating that company with the Virginia Safe Deposit and Trust Corporation of Alexandria.

Personal.

Judge Nicol, of the Circuit Court, will sail for Europe on the 30th to be gone about six weeks.

Among those who received gold medals at the closing exercises of Woodberry Forest School, last week, was Mr. David T. Chalmers, of this city.

On Wednesday evening next Desk Sergeant John T. Money, of the Eighth precinct police station, Washington, and Miss Mary Lyles, of this city, will be married.

Mrs. Schlichting and her two young children have gone to the country to spend the week.

Miss Rhoda Cooke left today for Alabama, where she will visit her sister, Mrs Walter Scott Passmore.

Miss Adeline Smith and her sister, Miss Rachel, are visiting in New Glatz, Md.

Miss Alice Reilly is here to attend the Smithers-Reilly nuptials. Owing to the indisposition of Miss Smithers, the reception that was to have taken place this evening had to be called off.

School Census.

Under the State laws a school census is taken in Virginia every five years by the clerks of the respective city, county and district school boards and their assistants. The assessment is taken of those between the ages of seven and twelve years. The census of Alexandria is now being taken, and all citizens should aid the enumerators in securing the information desired. It is important that the name of every person between the ages given above should be listed, for upon the census is the State appropriation made for the support of the public schools.

Property Sales at Quantico.

Messrs. J. B. T. Thornton and J. R. Caton, special commissioners in the chancery suit of Myers, executor, vs. Lansburgh, pending in the Corporation Court of the city of Alexandria, yesterday went to Quantico, Prince William county, and sold 52 acres of land, mostly in lots, for $4,117.50. Prices ranged from $25 to $325 per lot, on some of which there were buildings. Ten acres were sold to the Washington-Southern Railway Company for $1,000.

The Railway Improvements.

It is now said that the new tracks of the Washington-Southern Railway will not be used for passenger or freight traffic until about the first of August, at which time the new depot will have been completed. It is also said that the temporary ticket office recently erected will not be used. Considerable grading has yet to be done on the new work, and it is believed the new depot building will be ready for use before the tracks shall have been placed in order.

Piles Removed.

The work of removing the piles from the old ferry slip at the foot of King street has been about completed. Most of the piles have been placed upon scows while a number have been put aboard the burned steamer Columbia, which lies in the adjoining dock. Some of these logs have been imbedded in the mud over half a century, or when the old Union and George Page, the first double-end boats to ply on the ferry, were put on the route—in the early fifties.

Death of a Minister.

Rev. Andrew Cather, a retired Methodist minister, died at his home, near Manassas, yesterday afternoon. The deceased was in his 74th year. His remains were forwarded to Philadelphia for interment by Demaine & Son, of this city.

LOCAL BREVITIES.

June apples have made their appearance in market.

A meeting of the Reliance Fire Company will be held tonight.

The house of Mrs. Joseph Janney at Occoquan was robbed last night.

Complaint is made of the noisy behavior of soldiers at the corner of Prince and Fairfax streets last night.

Miss Ann Lawson Tebbs has sold to Mr. Lindsey A. Howard a house and lot on the north side of Queen street between Washington and St. Asaph street for $1,150.

Mrs. Virginia Ann Eddins, wife of Mr. Richard Winslow Eddins, died in Baltimore yesterday. The deceased was a daughter of the late John Furlong formerly of this city.

A little son of Mr. W. K. Griffith fell from a window at his parents' residence on Wolfe street, yesterday evening, and sustained serious injuries. He was attended by Dr. Gibson.

Marriage licenses were issued in Washington yesterday to Herbert F. Coakley and Edna J. Suttle, both of King George county, and to William Simmons and Emma J. Vandergrift, both of Alexandria county.

Several residents of Fairfax county, who formerly lived in Alexandria, engaged in a fight Saturday night. The origin of the difficulty nor the extent of the injury sustained by the combatants could not be learned.

The funeral of the late William B. Petty took place from his late home on south Fairfax street, yesterday afternoon. Rev. P. P. Phillips, of St. Paul's Church, officiated, and the interment was in the Union Cemetery. The funeral was attended by many of the relatives and friends of the deceased.

Captain Mott Honored.

Captain T. Bentley Mott, the retiring American military attache, in Paris, has received the cross of the Legion of Honor with a letter from former Foreign Minister Delacasse, under whom it was bestowed. Captain Mott's successor, Captain William S. Guignard has arrived in Paris and has taken up his duties, but Captain Mott will remain there until September, when he will serve on the staff of General Adna R. Chaffee, head of the American mission to the French army maneuvres. Capt. Mott is a son of the late Dr. Armistead R. Mott, of Leesburg, and has many friends throughout Virginia who will be pleased to learn of the new honor just conferred upon him.

A Fearful Fate.

It is a fearful fate to have to endure the terrible torture of Piles, "I can truthfully say," writes Harry Colson, of Masonville, Ia., "that for Blind, Bleeding, Itching and Protruding Piles, Bucklen's Arnica Salve, is the best cure made." Also best for cuts, burns and injuries. 25c at E. S. Lealbeater & Sons Druggist.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I than God for so valuable a medicine." For sale by Gibson & Timberman and W. F. Creighton & Co.

The Salve That Penetrates.

DeWitt's Hazel Salve penetrates the pores of the skin, and by its antiseptic, rubifocient and healing influence it subdues inflammation and cures Boils, Burns, Cuts, Eczema, Tetter, Ring Worm and all skin diseases. NOTICE TO CITY TAXPAYERS.
Collector's Office, June 19, 1905.

Notice is hereby given that the tax bills for 1905 are now in the hands of the collector. The attention of parties interested is respectfully called the following extract from the revenue bill of that year:

Upon all bills paid in full by the 1st day of July, 1905, the Collector of Taxes shall allow a discount of ten per cent, and on all bills paid by the 1st day of September, 1905, he shall allow a discount of five per cent, and on all bills not paid on the 1st day of December, 1905, there shall be assessed and collected a penalty of five per cent upon the amount of said bills, and on all bills remaining unpaid on the 1st day of June, 1906, demands at the rate of six per centum per annum shall be paid.

Taxpayers would do well to call and pay at once in order to avoid the rush and crowd usually present on the last days in which the discount is allowed.

Bring a list to make sure you get bills for all your property, as the collector will not be responsible or allow the discount after the time fixed by law.

TUESDAY EVENING, JUNE 20, 1905.

Deadly Hot Wave.

Many prostrations and four deaths, the latter all of young children, accompanied the renewal of Sunday's torrid temperature, aggravated by a high degree of humidity in the early hours of yesterday in New York. At 12:30 the thermometer marked 88 degrees, with every indication of a further rise, but soon afterward relief came in the form of a cool breeze from the sea, accompanied by a rapid fall in temperature and humidity, which continued steadily until last night, when the air was almost too chilly for the comfort of the thousands who had fled to the seaside resorts to escape the heat of the morning.

Pittsburg, Pa., fairly sizzled in the heat yesterday, and was, perhaps, the warmest place in the country. The Weather Bureau, which is on the top of the Farmers' Bank Building, 24 stories up, confessed to 92 degrees during the day, but on the pavements, far below, the heat reached 99 degrees. The county coroner is kept more than busy with bodies, as the hot wave has been fatal to an extreme. Ten deaths from heat have been recorded since Sunday morning.

Cruelty to His Children.

Magistrate Taylor, of South Orange, N. J., announced yesterday that he had found William S. Glover guilty of wilful cruelty to his two children—Muir, aged five years, and Lucille, aged three years, in burning their fingers with matches as a punishment. The middle fingers, which were chosen by Glover for the burning, were so terribly burned that it has taken weeks for the healing process. Glover will be sentenced later. He was arrested at the instance of the Children's Aid and Protective Society of the Oranges, and appealed to members to stop the prosecution. He made such an impression on the officers that they reversed their own action and ordered the agent to stop the case. Application was made to Magistrate Taylor for permission to withdraw the complaint, but he not only refused to grant the request, but censured the society in unmeasured terms. Magistrate Taylor then heard the case on June 8 and reversed the decision.

Ironworkers Strike.

Sixty men, employed by the Pennsylvania Steel Company, of Steelton, Pa., who were erecting bridges on the Wabash extension from Cherry Run to Cumberland, Md., struck yesterday upon instructions from Business Agent Biggs, of Washington, representing the Structural Iron Workers Union, who went to Hagerstown yesterday and called out all the structural iron workers along the railroad, which will tie up all the bridge building. The trouble originated at the home plant at Steelton, where, the strikers say, 27 steel bents for bridges were allowed to be made for the company by unskilled workmen at $1.50 a day, when the labor should have been performed by skilled workmen. About 3,000 men throughout the country are affected.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle, with chronic stomach and liver trouble, but at last I won and by the use of Electric Bitters. In unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold, under guarantee to do the same for you, by E. S. Leadbeater & Sons, druggist, at 50c. a bottle. Try them today.

AUCTION SALES.

COMMISSIONERS' SALE OF REAL ESTATE ON FRANKLIN STREET EXTENDED IN FAIRFAX COUNTY, VIRGINIA.

By virtue of a decree entered in the chancery suit between John A. Seaton, complainant, and Benjamin Franklin et als., defendants, depending in the Corporation Court of the City of Alexandria, Va., the undersigned commissioners, appointed by the court to make sale of the real estate mentioned in said suit, will offer for sale at public auction, in front of the Royal street entrance to the Market Building, in the said City of Alexandria, at 12 o'clock noon, on

SATURDAY,
the fifteenth day of July, 1905,

A CERTAIN LOT OF GROUND, which belonged to the Franklin estate and which in the above mentioned suit was allotted to Phoebe Cupid's heirs, situated on Franklin street extended near the corporate limits of the City of Alexandria, Virginia, in Fairfax county, designated and known as lot number 2 in a plat and survey made by J. Owens Berr & Co., and filed in said suit, fronting on Franklin street extended 42.5 feet by 197.5 feet. Said plat may be seen in the office of John M. Johnson, 111 south Fairfax street, Alexandria, Virginia.

Terms of Sale: Ten per centum of the purchase money to be paid in cash and the residue thereof in equal installments at six, twelve and eighteen months, bearing interest, the deferred payments to be evidenced by the notes of the purchaser and to be secured by the retention of the title until the purchase money is fully paid and satisfied. Conveyance at the cost of the purchasers.

JOHN M. JOHNSON,
K. KEMPER,
Commissioners of Sale.

I certify that John M. Johnson has executed the bond required by the decree of sale in this suit.

TO THE OWNERS OF DOGS.

Mayor's Office,
Alexandria, Va., June 1, 1905.

All persons owning or intending to keep any animal of the dog or canine species must come forward on or before

JUNE FIFTEENTH, 1905,

and take out a license for the same from the Auditor. After the NINETEENTH OF JUNE all persons owning or harboring dogs without the required license can be fined (as the laws on the subject require) $5 for every dog so owned or harbored.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and the policemen will report all such cases, and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, &c., on a card or paper when making application for their licenses to the Auditor. FRED. J. PAFF, Mayor.
License and Tag, $1.50.
